

Brief Note on UDYAMA

UDYAMA is a Development Catalytic Organization close to three-decades with an emotional relationship with communities, institutions & working with various constituents having strong exposure in implementation & adaptive research of agro-ecology development & community-resilience-process.

As community is First , Our enhanced learning outreach with local, regional, international organizations micro-macro linkages is well built. UDYAMA is deeply advocating localize the SDGs and pursuing for local action & global networking. Practicing risk informed resilient development, local carbon sequestration, community adaptation with special advancement of protection of local forest & biodiversity, local action on food, water, sanitation & nutrition improvement, environmental education is well demonstrated. Undertaking employable market led life skills building in cluster growth & expansion in western, southern & coastal Odisha and neighboring states is well connected. And now UDYAMA is the one of the Partner Organizations to Sustainable Food Systems (SFS) Powered by FAO & UNEP, it is called as The One Planet Network under the framework of Sustainable Consumption & Production (SCP) to undertake sustainable education, procurement, Eco- tourism & settlement & connected to undertake circular economy.<https://www.oneplanetnetwork.org/sustainable-food-systems/actors> .

As Resilience & Adaptation is foremost,UDYAMA, (www.udyama.org) is embarking on citizen-actions on mainstreaming resilience building, green growth with the framework of UNISDRR, UNFCCC, UNCCD, UNEP in order to maximizing benefit of readiness, preparedness, better restoration of livelihoods infrastructure rehabilitation at community & country. Influencing policy to add value on cross cutting programs like ecosystem services & nature based solutions, wise water use, bringing small innovations in livelihoods infrastructure, skill building, undertaking peace and harmony at community is our prime target to optimize resource use as Water Connector.

As Networking & Garnering collective effort is best to leverage resource, UDYAMA has kept on sustained effort to minimize loss, damages, allied risks & vulnerability in leveraging resources with WASH, settlements & END-WATER-POVERTY campaign, Sensitize2Sanitize, environmental education, deepening governance on water, energy and preventing degradation in conserving local biodiversity & capitalizing mainstream resources impact to livelihoods of small holdings connecting climate-justice are well demonstrated. We always advocate a broad based livelihoods in cultivating solutions through partnership for people & planet that has added value for money for Eco-prenures connecting social, ecological, human capital as matter to Next-Development-Challenges.
